WATER POLO.

The School v. Glanrafon S.C. (May 26.)

This match resulted in a draw, each side scoring 3 goals.

The Goals were shot by Weir (3) for G.S.C. and for the School by Gordon-Williams (2), and Moberly. The form showed on both sides was good, but the water was rather cold, and full time could not be played.

Glanrafon S.C.—R. S. Seacome (goal), J. C. Chambers, M. R. W. Duberly (backs); N. Tyrer (half-time); J. Gaussen, D. L. Weir, W. R. Ovens (forwards).

The School.—H. T. Willaume (goal), H. S. Moberly, R. McWilliam (backs); J. Adams (half-back); G. Keene, C. Gordon-Williams, J. H. Hewat (forwards).

R.S.S.

The School v. Oxford University 'A' (June 1st).

The Oxford University 'A' team included two O.Bs, Messrs. Fry and Morris. After a fast and exciting game, the match resulted in a draw, each side scoring one goal.

The start was sensational: the visitors' forwards secured the ball, and Fry got away on the right, but his shot went wide. After the ball had been restarted, Fry kept up a series of attacks, but the School defence proved sound, and presently we got a good opportunity for attack. From a throw-out Keene secured the ball, and when attacked passed to Weir, and he in turn centred well to Gordon-Williams, who then shot a neat goal. The School kept their places well and at half-time were still leading.

After the restart Fry became dangerous again, but was well marked by Chambers all through. Morris next took up the attack on the left, and at last he centred to Fry, who scored the 'Varsity goal with a fine shot, which completely beat Seacome. There was no further scoring, and so the whistle blew for a draw, with one goal all.

For the School Chambers and Moberly played well at back; the former, however, should not jump off the bottom of the bath on to the man he tackles. Fry and Morris played a good game for the visitors; but the

first-named would have been unable to score at all, if marked properly right up to the end, when the play got too loose. Seacome might be quicker in goal, and field the ball more sharply. Teams:

Oxford University 'A': P. Low (goal), S. M. Hemmings, G. H. Varley (backs); *E. G. Morris (half-back); M. W. Duberly (sub.), *H. Fry (capt.), M. Lloyd-Jones (forwards).
*O.Bs.

The School: R. S. Seacome (goal); H. Moberly (capt.), J. C. Chambers (backs); G. Keene (half-back); D. Weir, C. Gordon-Williams, J. H. Hewat (forwards).

Notes on Matches.

BY SPECTATOR.

The Dulwich match resulted in a win for us by nine wickets. This appears a flattering result, but had we lost on the first innings we might not have been able to get our opponents out so quickly a second time. The first innings was a very near thing. Some capital batting by Milton and Smith gave us a fine start. Then came a big collapse, and only some good defensive play by Peel, a lusty stroke or two by Gouldsbury, and useful contributions by Vassall and Carter, enabled us to get home by 10 runs. We appeared the better side, and ought to have won comfortably on the first knock. As it was, the level character of our batting pulled us through; but the form shewn by some of
