

O. T. C.

INSPECTING OFFICER'S REPORT.

Drill.—Good. Arms well handled. Words of command generally well given, though there is some room for improvement.

Manœuvre.—Extended order drill good. Fire control and fire orders good. Principle of fire and movement understood. Leadership good.

Discipline.—Very good. Cadets were steady both in open and close order drills and responded smartly to orders.

Turn Out.—Turn out and state of clothing very good.

Signalling.—Reflects great credit on the Cadet N.C.O. in charge.

Arms and Equipment.—Good.

Buildings, etc.—Armoury and stores excellent. Miniature range is adequate for elementary shooting, but cannot be used for collective practices. A 30 yards range for service ammunition is badly needed.

General Remarks.—A very satisfactory contingent well up to the average. The tone and strength of the contingent are particularly satisfactory.

PROMOTIONS.

To be Lance-Corporals.—Sappers Weir i, Scorer, Fuller.

HOUSE COMPETITION.

	Maximum Marks	100
1. St. Peter's	80 $\frac{3}{4}$
2. Bromham	79
3. St. Cuthbert's	74 $\frac{3}{4}$
4. Ashburnham	72 $\frac{3}{4}$
5. Crescent	71 $\frac{1}{2}$
6. Paulo-Pontine	66 $\frac{3}{4}$

	41	49	90
Whitgift	211	202	413

THE SCHOOL v. WELLINGBOROUGH.

In the return fixture at Millbrook on June 28th we lost by 11 points. We again showed improved form, especially at 500 yards. The conditions for shooting were good, and both teams did their best match score of the season. But before we can feel really satisfied with our shooting, we must do much better at 200 yards, and produce some 60's. Duhan ii did well in making top score on his first appearance in the Eight. Tebbs did a really good shoot at 500 yards and seems now to have recovered his form. The Cadet pair did not do so well, and lacked the steadiness and consistency of their opponents.

	yds.	yds.	Total.
The School	200	500	
J. Duhan	26	30	56
H. N. Tebbs	23	32	55

Fencing.

In view of the fact that, since the institution of the "Fowler Trophy" and "Anderson Trophy" for Boxing, Fencing is now the only form of sport in the School unendowed with any material mark of recognition and encouragement, some supporters and admirers of Fencing have resolved that an effort should be made to promote the study and practice of the 'White Arm.' The public record of the School in Foils and Sabres is one with which we are entitled to feel gratified; and the success of Sergeant Fowler in bringing this to pass deserves that our present proposal, which in its original inception has been due to him, should meet with sympathy and support.
