Individual Competition.

For this competition a prize was very kindly presented by J. B. Jenkins, O.B., who was Captain of the Shooting Eight in 1897. Shooting took place weekly between May 10th and July 5th, the two highest scores in each weekly shoot qualifying for the final. The conditions were seven shots at each of two 'Bisley targets' (large and small). The final took place on July 17th, there being 17 competitors. Result:—

	1st practice.	2nd practice.	
H.P.S.	35	35	70
1. J. N. White			
	31	35	66
2. L. J. Heaton-Armstrong			
	33	30	63
3. E. J. N. Crewe			
	30	32	62
4. C. A. C. Branson			
	33	27	60

Special prizes were won as follows:—

(A) For best aggregate of two qualifying scores:—Goodfellow i, 65 + 63 = 128.

(B) For best single qualifying score by a first year cadet:—O. Dawson, 61.

Shooting Notes.

We were not able to do any open range shooting this term, and so did not send an VIII. to Bisley. To keep up an interest in shooting a weekly competition was held, of which details appear above. Though several good shots were unable to compete, some good shooting was seen, especially from White and Goodfellow. White was the more consistent, and thoroughly deserved his win in the final, scoring a possible at the small target. Goodfellow was not in form in the final. The competition served a useful purpose in discovering some young shots who should be valuable next year, when we may hope to have a range again.

St. Cuthbert's won the Junior House shoot with a pair of novices, who should be useful in the future. Two or three other Juniors showed distinct promise. The shooting in the Senior House Competition was very poor. Everyone had an off day at once, and for the first time for some years no colours were gained. St. Cuthbert's were not a strong team on paper, but they had no tail, and won by a comfortable margin.

House Notes.

ASHBURNHAM.

This term sees the finish of a fairly successful year. We did quite well at Football, and swept the board at Running. This term we have done as well as could be expected at Cricket, considering the material available, and put up a good show against the winners. The fact that we have won both House Lower Football and Cricket augurs well for the future, and it is to be hoped that the Lower Four will add a victory in the third sport. They have the advantage of Captain Proudlock's coaching; we owe him a great deal for his kindness in spending so much time and trouble on the House rowing.
